Dear Anthony,

I am honored to write this letter and highly recommend Waves Web Design for custom, company websites. I have truly enjoyed working with Waves Web Design on all three of our websites over the past couple of years and am extremely proud of each one. You and Summer are very professional, and we couldn't be more pleased with the results. I personally appreciate the fact that each site is custom tailored but has an overall uniform layout. What a great idea for brand imaging!

The reason we keep using Waves Web Design has to do with your response time, creativity and knowledge in the web designing industry. You have made a process that can be complicated and time consuming seamless for me. Thank you for your patience and professionalism in all that you do. Please use me as a reference for any potential client.

Very Best,

Bethany Perez
Marketing Director
